Town of Burlington Economic Development Commission invites you to
A COMMUNITY PRESENTATION & DISCUSSION

What Makes a Vibrant Town Center?

Presented by Connecticut Main Street Center

Monday, December 12, 2016

6:30 pm Refreshments 7:00 pm Presentation & Discussion

Burlington Town Hall Auditorium

A vibrant Town Center is the heart of a healthy community. But vibrant Main Streets don't just happen – they are planned and managed, with the involvement of the community.

Connecticut Main Street Center, a state-wide nonprofit organization, provides education & training, resources & technical assistance, and advocacy to local communities working to ensure their town centers and urban downtowns are inviting places to live, work, play, learn, and invest.

Burlington has joined 74 other Connecticut communities in membership in the Connecticut Main Street Network. We invite you to attend an information session, where we can learn about the Connecticut Main Street program and how Burlington can benefit from our membership in this statewide network.

Light refreshments will be served at 6:30 pm – when you can mingle with friends and neighbors. The Connecticut Main Street Center presentation will begin at 7:00 pm. An overview of the program and how it works in other towns and cities will be covered. And there will be opportunity for interactive discussion about how we can harness our creativity and energy to ensure that our beautiful Town Center is healthy for many generations to come.
