

May 21, 2015

Burlington Solid Waste Committee

Meeting was called to order at 7:14pm by Chairman Robert Jorgensen. Present were Rob Jorgensen, Tom Werle, Paul Bystrak, and John Hebert

1. Paul Bystrak was welcomed to the Committee.
2. The minutes of previous meeting (Jan. 15, 2015) were approved as read (Hebert/Werle)
3. Rob Jorgensen reviewed the wait time issues that are occurring at the Covanta Plant. Joe Johnson has communicated to T. Shafer his concerns with the excessive time waiting in line to dump MSW at the drop-off facility. Covanta is in the process of addressing the problem.
4. It was the concurrence of the Committee that we should wait and see what Covanta can propose to improve the current situation. This can be discussed at a SWC meeting in June. In the meantime, the Covanta Contract and the MSW Collection Contract will be reviewed to assess available options.

Next Meeting will be held TBD at 7:00pm

There being no further business, the meeting was adjourned at 7:50pm
(Hebert/Werle)
